◆ Welcome to Saitama 2055 ◆

The setting of this place is a little bit in the future from now
Even though it's in the future, the surrounding area nowadays has
become useful for a feeling of liveliness in this fictional world

the city of
the future
from

The mountain was
removed and the area
was developed. It's a
quiet housing district

Robots modeled after people like Sari still aren't
wide-spread in homes. Sari is breaching that shore but
there are people who aren't becoming aware of robots.
They say that the first robot that they see is strange.

Then, in the midst of talking, it wasn't
explained completely, but they decided to
practice immigration to the universe.

To God, they advanced the development of a
space colony base on the Moon's surface. The
Yoshida's gifted father went to that moon base
for the development support business of robot
maintenance and to do any number of jobs.

That means that there are probably a lot of robots
modeled after humans like Sari working on the Moon.

'Lots of Sari'
So useless

Sari is for
'Robot' use'
for this and
